### BONDS AND FINES COLLECTED

Bonds and fines can be paid at District Court during regular business hours. After hours, however, bonds and fines are paid directly to the jail. The Booking Staff collects and counts the payments. Each morning, the office staff verifies accuracy by recounting each payment and delivers the funds to the District Court. The money is again VERIFIED in the presence of the office staff.

## CAMPBELL COUNTY DETENTION CENTER 2006-2007 ANNUAL REPORT

### CAMPBELL COUNTY DETENTION CENTER WEBSITE

A goal set by Jailer Greg L. Buckler this year was to provide the community with a website for the jail. Training was received through Kentucky.Gov and with high anticipation, our website is up and running. The following is a link to our website.

<http://www.campbellcounty.ky.gov/ccdc>

We have prepared this site listing information that is of interest to the general public. The history of the Campbell County Jail as well as facts about the jailer is informative. Job opportunities are available at our facility and the jail's employment application is located online.

Many of the general public have little or no knowledge about corrections and the website is provided to give general information about jail operations including but not limited to visitation, phone cards, funds and frequently asked questions.

Another important feature of our website is a listing of current inmates. This is updated daily, Monday through Friday. The information available includes their photo, the booked date, current charges, bond information, arresting agency, the disposition of the charges and if sentenced, the length of the sentence.

Some interesting statistics show that during the period of May 30, 2007 through July 1, 2007, approximately a 30 day period, there were 4,688 hits to our website viewing our listing of current inmates. There were 2,946 hits on our general information.

There is also an area where you can contact jail employees through email who are knowledgeable in many areas and can assist with questions. Due to a recent ad for employment, we noticed a significant spike in visitors to our website in mid June 2007.

Our goal is to continue to add and to improve to our website. It is a work in progress and we hope to provide our county with an informative site.

### VIDEO VISITATION

When construction of the new facility began, we realized that with increased inmate population would make the way we did visitation obsolete. Plans were made to move ahead and eliminate the need for inmate movement throughout the jail. Inmate movement requires more staff. With video visitation, the visitor sits in the lobby at a video booth with a handset to talk to the individual. They see each other through a computer screen.

The visits are still 15 minutes in length, but visitation is now held every day of the week. Inmates receive at the minimum of one weekend visit and one weekday visit. Inmates located in the new dormitory section, receive an additional weekday visit.

## CAMPBELL COUNTY DETENTION CENTER 2006-2007 ANNUAL REPORT

Visitors in the lobby must be respectful to everyone and keep their voice level down. We do not tolerate any antics or inappropriate actions by either visitors or inmates. If at any time during the visit it is noted that something inappropriate is happening, the visit may immediately be terminated and the visitor may be barred from our facility.

The Restricted Custody Center is not included in the video visitation. Inmates at this facility have one hour long contact visits on Wednesday, Thursday, Friday and Saturday.

Every visitor is logged into our jail management system for an accurate accounting of the inmate's visits and the visitors.

With the new visitation schedule which includes additional days and extended hours, it was necessary to hire a full time visitation clerk to manage the visits.

### **INMATE MAIL**

Inmates and their families correspond through regular U.S. mail. All outgoing mail from inmates is processed and mailed from our facility. This mail is uncensored. All indigent mail is stamped by a deputy prior to mailing.

Incoming mail is processed through the office. All mail, with the exception of any legal mail, is opened and reviewed prior to distribution to the inmates. Any mail with items considered inappropriate may be returned to sender with an explanation of what is not allowed. Mail with contraband may be retained for evidence.

The Detention Center began tracking mail received and distributed to the inmates beginning in December 2006. The information we track includes the name of the inmate as well as the name and address of the sender. Each item is input manually into our jail management software. This process is time consuming, however, is necessary to provide adequate security.

Listed below are totals of mail received and distributed to inmates.
